PORTFOLIO

michaelxian.github.io

- Notable projects include:
- Genetic neural networks learning how to play a shooting game
- A Virtual-reality learning aid to help students in the "Wicked Problems" course at UBC
- A photography website and database
- A YouTube channel containing some of the bugs I've recorded

EDUCATION

University	2017-Present
University of British Columbia	
I am currently in the Bachelor of Science program, with a specialization in Computer Science. Completed the courses "Software Construction", "Models of Computation", "Computation, Programs, and Programming". 3.9 GPA	
I.B. Diploma (High School)	2013-2017
Richmond Secondary School	
Completed the International Baccalaureate Diploma program. Attained the equivalent of an A in the IB scale. Took the following courses at a higher level: Mathematics, Chemistry, English, Information Technology in a Global Society.	

WORK EXPERIENCE

Phone Case Retailer	2017 May-September
Sold phone cases and fidget spinners. Stocked items.	
Richmond Night Market	2016 May-September
Firework Productions LTD	
Directed customers to points of interest. Performed cleaning duties. Helped with set-up/take-down of the night market.	

VOLUNTEERING

Pacific Spirit Park Society	2017-Present
Removed invasive species from the Pacific Spirit Park.	

EXTRACURRICULAR

Alma Mater Society Game Development Association	2017-Present
Worked with the Office of Regional and International Community Engagement (ORICE) to create a VR experience to help familiarize ASTU 401 students with the "wicked problems" they are dealing with in the course.
